TIME—R. ALDER'S Regulator, Maysville.

J. GLENN, *Gen'l Supt.*

The Small-Pox.

Only one new case of small-pox since last Friday a week ago. There at the Hospital are all about well. A little negro child died there on Tuesday. At present the indications are that we are about through with it.

Reduced.—The fare from Maysville to Cincinnati has been reduced to $1.00.

Recovered.—Robert Regan has entirely recovered from the small pox and is now out again. We are glad of it.

Lost.—An Odd Fellow's gold pin. The finder will be rewarded by returning it to the editor of this paper.

Carter Caves.—These caves are at present attracting a great deal of attention. Many visitors are there.

Personal.—Mrs. General John C. Breckinridge and daughter have been rusticating at Fox Springs.

Fayette County.—This county has elected L. R. Tarlton (Republican) sheriff by 257 majority.

Personal.—Judge James P. Harbeson of Louisville, Ky., has been spending a few days at Fox Springs.

Robbed.—The store house of Mr. A. K. Marshall at Marshall's Depot was broken into and robbed a short time ago.

The Railroad.—The Maysville *Eagle* says: "The receipts of the M. & L. R. R. for July exceed $7,000. The business of the road is on the increase.

In Town.—We notice Hon. R. H. Stanton, Hon. E. C. Phister and Col. T. J. Throop in attendance upon our Circuit Court.

Brought to Time.—The delinquent board of trustees of the town of Poplar Plains were brought to time in the circuit court on last Monday.

Bourbon County.—The election passed off quietly in Bourbon county. Moore, (Democrat,) was elected Sheriff by 141 majority.

Branch Railroad.—We wish we could tell exactly whether this enterprise is dead or not. Will some of the directory rise to explain.

Untrue.—The report in circulation in the country to the effect that Samuel Stockwell, jr., was down with the small pox is not true.

In Town.—We were glad to meet in town a few day ago our friend Jacob G. Bishop, of the firm of Bishop Brothers, of Cincinnati.

Recovering.—The little son of George Faulkner's who fell from the loft of the mill in the lower end of town a few weeks ago and who was so badly crippled is now out of danger and fast recovering.

Married.—At the residence of the bride's mother Mrs. Harriet Dudley, in this place, on Thursday evening last by Eld. E. B. Challenner, Mr. DENNIS BELT to MISS NANCY S. ATKINSON. No cards.

Job Work.—We are prepared to do job work of all description in the finest style. We have recently received new type and our rates have been considerably reduced. Call and see specimens.

The Dog Law.—Great is the indignation of some of our farmer friends over the dog law recently passed by the Legislature. Some of them threaten a dog indignation meeting.

Good.—Our friend Perry Jefferson has been re-elected sheriff of Mason county by the handsome majority of eight hundred and ninety. Perry has made a good and faithful officer and the returns show that the people are not tired of his service.

Our Paper.—We offer our readers no other apology for the last two issues of the DEMOCRAT than the fact that small pox in our midst has about suspended business, and we have been compelled to issue only a half sheet. We have published the paper the past few weeks at a dead expense to us. We hope to be able to appear in our usual form next week, and that our readers will look over short-comings. The town is becoming healthy again and we hope to be able to announce the total disappearance of small pox in our next, after which we will move along in our regular way.

Died.—In Cadiztsburg, on the 9th inst. JOSEPH infant son of Charles L. and Emma Dudley. The remains were deposited in our cemetery on Sunday last. Obituary next week.

Circuit Court.—Circuit Court convened in this place last Monday. Owing to the prevalence of small-pox in our midst the court discharged the Grand and petit jurors and all cases in litigation were continued until the next term of the court. The chancery docket was called and proceeded with. The Court will probably adjourn Saturday.

Kentucky Institution for the Deaf, and Dumb.—We call attention of our readers to the advertisement of this institution which commences its fifteth Session on Tuesday, October 1st, 1872. This is one of the noblest charities of our State, Those interested will read the advertisement.

Right.—The Democracy of Nicholas submitted the question to the Democrats of the county at the August election whether in future they shall make nominations for office by Conventions or Primary elections. The Primary election plan carried by a very large majority. Now let Fleming submit the same question in May next.

Died.—Squire William Blair died at his residence, in Elizaville, in this county on Sunday the 5th inst. Mr. Blair was one of the oldest and most respected citizens of the county. We believe he was a soldier in the war of 1812 and was frequently a candidate for office in this county and was often elected. He represented the county for several years in the Legislature. He was much respected by all who knew him, and there are many who will remember his generous heart. Peace to his ashes.

Seriously Injured.—We regret to learn of a very serious accident which happened to Mrs. Chas. Nash on Sunday last while riding in her carriage returning from church. Herself and two other ladies were in the carriage and while passing some stray horses in the road the horse she was driving took fright and ran away carrying Mrs. Nash out with terrible violence. Since the accident she has not spoken and great fears are entertained of her recovery. The other two ladies escaped with slight injuries.

P. S. Since the above was written Mrs. Nash has died. She died Tuesday about noon.

Notice to Teachers.—The Teachers of Fleming County are requested to meet for examination at Tilton on the 4th, Friday in August. The prevalence of small-pox at Flemingsburg, the usual place of meeting, renders this change necessary.

W. A. MORRISON, Com.
W. T. J. KERAN,
MILFORD OVERLEY,

Fair Programmes.—A good deal of complaint has been urged against us on account of the disappointment in the printing of the Catalogue of our Fair. We have done all that we could to get these pamphlets up as speedy as possible. We delivered the manuscript to our printer some five or six weeks ago with the promise from him that the job would be completed in two weeks. Since that time we have hurried him up all the time could by letter and personal messages. We understand he has been disappointed in getting hands and the job has necessarly been delayed. The work will be completed this week or it may be that it is done by this time at any rate we feel assured that the programmes will be ready for distribution by the last of the week. The delay is in no wise dangerous to the interests of the Association as we have ample time to distribute them satisfactory. But we regret that the Fair Company has been disappointed though it is no fault of ours.

Unripe Fruit as Cholera Bombshells.—One of the most abundant sources of sickness and death during the summer heat is unripe fruit. Children are particularly exposed to this danger through the indulgence of inconsiderate parents and not a small proportion of the mortarity among the rising generation may be traced to this cause. Unripe fruit is rank poison when the thermometer is among the nineties, and that terrible assailant of the stomach, cholera morbus, finds here its sturdiest ally.—*Maysville Eagle.*

Undertaking Notice.—Mr. T. J. Hinton, formerly of Poplar Plains, requests us to announce that he has removed to this place and will engage in the undertaker's business. He will keep constantly on hand a great variety of burial cases and will make to order coffins and will attend funerals at the shortest notice when called upon.

The Small Pox.

As that pile, the small-pox has been in our midst, it may not be amiss to recur to its history to some extent as a reminder as something new to many.

"The end of the last century witnessed the most important practical discovery ever made in medicine. Up to that period small-pox annually committed the most fearful ravages; the deaths from it, in Europe alone, were estimated to amount to 400,000 a year, while it left many others blind or disfigured. The practice of inoculation, brought from Constantinople (Turkey) by Lady Mary wortly Montague, had, indeed, diminished the evil, but the remedy itself was attended with great inconvenience, and was not destitute of danger.

The discovery of Jenner, announced in his "Inquiry into the causes and effects of the variolae vaccinae (in 1798) has placed the disease completely under our control. And, if it still commits occasional ravages, it is owing to the laxity of our laws, and the carelessness of individuals, committies, town and city "authorities." So says reliable authority.

Louisville Industrial Exposition.—We have received an invitation to attend the Grand National Industrial Exposition, which opens in Louisville, Ky., September 3d, and continues until October 5th, 1872. This Exposition will attract to Louisville thousands of people from every section of the West and Southwest, and an opportunity will be enjoyed of examining the evidences of the great progress made in this country in the arts, inventions and manufactures. Nearly every State in the Union will exhibit its work and consumer and manufacturer will be enabled to judge of the wants and resources of the country. Reduced fares on railroads and steamboats have been arranged, and ample hotel accommodations secured for all who attend. The Louisville Exposition Building covers nearly an entire square in the heart of the city is built of brick and will seat on the first floor alone nearly 20,000 people. The natural beauty of Louisville at this season of the year, her perfected arrangements for entertaining her visitors economically and agreeably, and the opportunity of seeing the business men of the country—the men who are the basis of its unexampled progress—will attract all classes to the Exposition during the season.

Aimes' Liniment.—Since the introduction of Aimes' Liniment many of our citizens have used it, and have received great benefit therefrom. Numerous certificates can be seen at Jenney & Lloyd's Drug Store, corner of Second and Sutton streets, Maysville, Ky. "It cures Rheumatism' Neuralgia, and all similar complaints. Sold by druggists everywhere. For sale at Dr. H. P. Lindsays Drug Store.

Truth and Poetry.—Milton puts into the mouth of Lucifer, in "Paradise Lost," these memorable words—

"TO BE WAKE IS SUBDABLE."

Never was a truer sentence written than this—supposed to be wrung from the Archfiend in his impotence and agony. Every victim of nervous debility, or of that languishing languor which is one of the accompaniments of dyspepsia and biliousness, can testify to the misery of mind and body which they involve. The native power of the system is partially paralyzed; the mind is tainted by anxiety and fear; and the sufferer is as incapable of applying himself energetically to any kind of business as if he were under the benumbing influence of catalepsy. This terrible mental and physical condition need not, however, be endured for forty-eight hours by any human being. Plantation Bitters is an absolute specific for all the maladies which a deranged stomach, a disordered liver, and shattered nerves, superinduce.

☞ The worst Coughs yield as if by magic to the wonderful curative powers of Dr. Pierce's Golden Medical Discovery.

DIED.

In Chillicothe, Missouri, on the 30th, of July, 1872, Mr. John B. Leeper, aged 62 years a native of Fleming county, Ky.

Mr. Leeper emigrated to Missouri in 1840; has lived in this city for many years, was President of the State Bank here for twelve years and was a gentleman of strict integrity, and for an irreproachable character, he leaves a family of children, who by having preceded him to the grave about four months since.

J. C. B.

Special Notices.

HOW TO GO WEST.

This is an inquiry which every one should have *truthfully* answered before he starts on his journey, and a little care taken in examination of routes will in many cases save much trouble, time and money.

The "I. B. & W. Route," running from Indianapolis through Bloomington to Burlington, has achieved a splendid reputation in the last two years as the leading passenger Route to the west. At Burlington it connects with the great Burlington Route which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Fleming County, on their way westward, cannot do better than to take the I. B. & W. and Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent, B. & M. R. R. Burlington, Iowa.

A Perilous Season.

Glorious and delightful as the Summer weather is its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common by its effects. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite is poor, and the spirit depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak, it braces and reinforces them. If the mind, which every sympathizes with the body, is depressed and despondency, it relieves the difficulty, and soon, brings the body into harmony with the laws of health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and anthilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acrid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the tried remedy, Hostetter's Bitters, sold only in glass, and never in kegs or barrels.

Several Reasons why Dimmitt, Pearce & Co., of Maysville, Ky., can sell Lumber, Shingles, Doors, Sash, Blinds, Flooring, &c, Cheaper than can be had at any other point south of Pittsburg.

1st. They keep a Larger Stock than any other establishment.

2nd. Their acquaintance on the Allaghaney enables them to buy their stock *cheaper.*

3rd. They have the very best machinery and every convenience for manufacturing.

4th. They understand their business not being dependent on their employees.

FOX SPRINGS.

FLEMING COUNTY, KY.

Mrs. E. F. FLEMING, Proprietress

THESE CELEBRATED SPRINGS NOW open for the reception of visitors are beautifully and romatically situated in the mountain region of Fleming county, about nine miles from this place, at the terminus of the Flemingsburg and Fox Springs turnpike. They are easy of access—a daily line of a-coach running from Flemingsburg to the Springs, making connection with the M. & L. R. R. for central Kentucky and connecting at Maysville with all the river steamers.

The house will be kept by the former proprietress, Mrs. E. F. Fleming, a lady of well-known to the public as the best in the whole country. The hotel building is large and commodious and the table will be supplied with the best the market affords. The well-known properties of the water, the home-like enjoyment of the visitors, together with the fresh air and the healthy surroundings render those springs very attractive to them in search of health or pleasure. Among the amusements will be found bowling alleys, croquet grounds, fine drives, hunting and fishing &c.

☞ Terms as liberal as heretofore.

June 21-6w.

EDITORIAL MATTER.

The Whisky Slander.

It is well known to every one that during a heated canvass, upon the eve of an election many reports are put in circulation to the prejudice of candidates, some true—some false.—Among the false reports circulated in the late election was that which charged Jas. E. Smith with being a drinking man, and that he used whisky for the purpose of securing his election. This report not only does Mr. Smith gross injustice but bears the mark of falsehood upon its face. Now to the proof. It is well known that it was reported also that Mr. Smith was so violently opposed to whisky drinking that he as Judge would refuse to grant any license to sell liquors. Now how does this report, in the mind of any sensible and thinking man, correspond with the former? Mr. Smith is known character as a citizen and a gentleman is a sufficient answer. That he will follow the requirements of the law in granting license to sell liquors no one can doubt. That he ever used, or authorized to be used, whisky to secure his election no reputable gentleman will assert upon his own responsibility; And we venture now to assert, that no man can be found who would willingly upon his oath state that he ever did. We are aware that often during a heated canvass, the friends of the respective candidates in their zeal do many things which are both unknown and disapproved by their candidate. We are therefore justified in declaring that if any of the friends to Mr. Smith office even a pretext for the circulation of such a report, it was not with his consent, knowledge or approbation. Such things are often circulated by those who do not believe it themselves. The communication, published elsewhere in this issue, shows how little credit was given to those reports. We would not deem it necessary to have noticed them at all except for their impenchment of the well-known character of the man. And now that he is elected Judge the next two years will vindicate his private character, as his past life has done, and testify that he is in every way worthy of the public and private confidence of the people.

We append the following:

HILLSBORO KY.,
August 12th, 1872.

We the undersigned friends of Col. L. B. Cox and living in the Hillsboro District having heard the report in circulation to the effect that James E. Smith late Domocratic candidate for County Judge had a barrel of whisky in circulation in this district in order to influence and secure his election, deem it proper to say in justification of Mr. Smith, that the report is false and that Mr. Smith used no spirituous liquors whatever in the furtherance of his election at this or any other previous election. And furthermore we know of no liquor being used to influence the election in any manner in this District, and we desire that this statement be made public through the columns of the Flemingsburg DEMOCRAT in order that justice may be done.

J. M. CRAIN.
JAS. W. CRAIN.

☞ Dr. Thos. E. Pickett has retired from the editorial staff of the Lexington *Observer & Reporter*.

☞ General Grant refused to eat at the same table with Fred Douglass. How is that negroes?

☞ Twelve of the Republicans of the Lower Branch of the Ohio Legislature have declared for Greeley.

☞ A little colored girl in Paris cutes jimson weeds for greens and they do not agree with her.—Crosdock says.

☞ The Cuban Revolution has not been put down as many would suppose. The Cuban rebels are still holding their own.

☞ The signs of the times certainly do indicate a change in our political system; we notice that John A. Bingham chief prosecutor of the innocent Mrs. Surratt has been defeated in Ohio for a re-nomination for Congress, and this too in the face of his Elyria speech defending Grant.

☞ More Republicans out for Greeley: Thos. G. Alvord, of Syracuse, late Lieutenant Governor of New York; W. W. Scott, One of the Grant electors of Minnesota in 1868; Jas. J. Winans, of Xenia, Ohio, a member of the last Congress; Mason W. Tappan, of Bradford, N. H., late member of Congress; John Y. Mugridge, of Concord, N. H., late State Senator.

Official Vote of Mason County for Sheriff.

The Result at Last in North Carolina—Brilliant Triumph for Greeley.

From the Cincinnati Enquirer.

The result in North Carolina, the first State which opens the Presidential campaign, is now pretty definitely ascertained. Is it not satisfactory to the friends of Mr. Greeley? Here is what this State has done:

Elected a Greeley House of Representatives.

Elected a Greeley State Senate.

Elected a Greeley United States Senator.

Elected five Greeley Representatives in Congress to three for Grant.

Elected a Greeley Lieutenant-Governor.

The vote for Governor is so close that it will require the official canvass to settle who has the apparent majority on the face of the returns. If the Grant candidate is chosen it is by notorious frauds. The office will be contested before the Legislature, and Merrimon will obtain it. We are sure of every thing in the old North State, and particularly so of ten Presidential electors in November, who will vote for Greeley and Brown. Four years ago this State gave Grant 12,000 majority. Last year it gave nearly 10,000 majority for the Republicans. It has, therefore, been triumpantly redeemed, over the frantic efforts of Grant's friends. Our friends throughout the country should every-where fire a hundred guns over this brilliant and substantial triumph.

STATE NEWS.

Carlisle has a permanent telegraph office.

Wheat and oats greatly damaged in Pulaska County.

Mayaville has a Greeley pole 140 feet high.

The Clarke County *Democrat* now comes to us with the Greeley and Brown ticket at its head. The *Democrat* held off a good while.

Shanks' majority over Parks, for sheriff in Louisville and Jefferson county, is exactly 5,000.

The Washington Patriot says there are over 2,100 papers that support Greeley, while not more than 1,500 support Grant.

The friends of Gov. Bramlette will deeply sympathise with him in still another heavy family affliction, with which he has been visited in the death of his son, Dr. William L. Bramlette, who died suddenly at the residence of his uncle, Mr. Thos. Travis, in Barren county, on the 8th inst. Dr. Bramlette was thirty years of age, and of great promise in profession.—*Frankfort Yeoman.*

The Elm Spring Agricultural, Horticultural and Mechanical Association of Fleming, Mason and Lewis Counties.

THE FIRST ANNUAL EXHIBITION of this Association will be held on the grounds of the Association, near Mt. Carmel, in Fleming county, commencing on Tuesday September 17th and close on Friday September the 20th. For the information of our readers we publish the following extracts from the catalogue which will be quite acceptable to those who feel an interest in the Association:

GENERAL ARRANGEMENTS.

Gates will be opened at 8 o'clock on each day, and at that hour each officer is required to be at his post.

No Entry Fee charged.

Competitors invited from the whole world.

"Exhibition will commence exactly at 10 o'clock each day, and will continue until the programme of the day is complete. At 12 o'clock there will be an intermission of one hour for refreshments.

Every article placed upon the grounds during the fair will be under the control of the directors, and although every possible precaution will be taken for the safe keeping of the same, the Association will in no case be responsible for any loss or damage that may occur.

Until the awards have been made, marks or indications of ownership will not be allowed.

No Stallion, Mare, Bull, Cow, Jack or Jennett 4 years old, or over, shall be eligible to a brood ring for a premium unless it has proved itself a breeder.

No aged animal that has taken the premium in such shall again compete for the regular premium in the same class. This will not apply to a sweepstake premium without regard to age.

No animal that has taken a sweepstake premium shall again compete for the premium in the same class.

No animal shall contend for but one premium in a regular ring and but once in the sweepstakes at the same fair.

Exhibitors of stock shall elect at the time of entry, the class in which they will show, and shall not show the same animal in any other class except as above named.

No owner of stock contending for a prize will be admitted into the ring. The owner of saddle or harness horses may, however, have the privilege of riding or driving the same when on exhibition.

Gate of the amphitheatre will be closed in ten minutes after the ringing of the bell for each class of stock.

In the mechanical and household departments, no person but the manufacturer will be allowed to exhibit. The wood-workman, or iron-workman, of carriages, wagons &c., may enter jointly or individually; but one premium will be awarded, and that for the article complete.

No disorderly conduct of any kind will be permitted. A police will be upon the grounds to prevent the same and see that all rules are strictly observed.

Hogs will be exhibited in pens.

No premium will be awarded to any article or animal not thought worthy, though there be no competition.

No one except committee-men on duty, or the officers of the Association will be allowed inside the trans, whilst an exhibition is going on.

ENTRIES.

All entries should be made by 10 o'clock of the day on which the same is to be exhibited.

When an entry of stock is made a secretary will give to the party making the entry a ticket showing the class and number of entry. This must be sent in the ring with the animal.

When an entry is made in the floral department, the secretary will furnish the party (3) cards; one will contain the number, class, and must be attached to the article. The other will contain the No. and class, with the name of the exhibitor. The exhibitor must retain this, and after the fair the article will be returned upon its presentation.

No person will be allowed to see the entries made until after the awards.

The Secretary will be upon the grounds on Saturday and Monday preceding the fair, and will be prepared to make entries.

Exhibitors of articles are requested to make their entries as these days.

SPECIAL NOTICE TO EXHIBITORS.

Exhibitors of stock will greatly facilitate the Secretary in making entries if they are prepared to answer the following questions—Name of exhibitor; residence; name of animal; age; color.

Exhibitors must be careful to have their cards of entry on their animals, or in pomeolon of the articles.

Every person making an entry and taking a stall or stalls for his stock and not exhibiting under his entry his entry shall pay at the rate of two dollars per day for each stall so occupied by his stock.

PREMIUMS.

All premiums will be paid in cash.

BUILDINGS.

The Association has erected, buildings of such size and shape as not only to furnish ample accommodations to exhibitors and visitors, but to add much to the appearance of the grounds.

The Amphitheatre is one of the largest in the State; will comfortably accommodate 10,000 persons on box seats, one above the other, so that all can see. Above these seats is an excellent promenade 12 feet in width.

The ring is near 200 feet in diameter, with music stand in the center, around which all stock will be exhibited, and in which a full brass band will perform during the entire exhibition.

Upon the outside of the Amphitheatre is a beautiful trotting ring encircling the whole ground.

The Cottage will be furnished for the comfort and convenience of the ladies.

The Floral, Mechanical and fine Art Hall will be adapted to the exhibition of the various articles to be exhibited in those departments.

STALLS.

Stalls upon the grounds are free for the stock to be exhibited on the day of exhibition. The stabling privelege on the ground will be in the hands of persons who will be prepared to take care of all stock entrusted to their charge.

REFRESHMENTS.

The Booths will be prepared to furnish refreshments. Persons renting booths will not be permitted to sell spirituous liquors.

PRICES OF ADMISSION TO THE GROUNDS.

Stock-holders and grooms with stock to be exhibited, belonging to stock-holders only, admitted to ground free of charge.

The annual renters of booths may also enter free, but no hand or clerk in their employ shall have free admission.

Hon. Landon C. Haynes, an M. C. before the war from East Tennessee, and the only man there who would ever "hold his own" with Andrew Johnson—also a member of Confederate States Senate—has just been nominated by the Democrats for Congress in the 9th, or Memphis District, in West Tennessee.

☞ From nearly every part of the State comes intelligence of the colored people voting the Democratic ticket in the late elections. In this city quite a number voted for Judge Pryor, Sheriff Chinn, and Marshall Graham. This good feeling among that race has been brought about, no doubt by the nomination of Mr Greeley at Baltimore. The long deluded colored people are beginning to see and feel that their former owners—the possessors of rifle and—are indeed their best and every way most reliable friends.—*Frankfort Yeoman.*

To Our Exchanges.—We hope our Kentucky exchanges will notice the fact that when the old veterans of Kentucky who had fought for Ohio, and whose country had so largely contributed to the great wealth and prosperity of Cincinnati, passed through that city lately, going and returning from an excursion to the battle-fields of the River Raisin, they were permitted to do so without any notice from the authorities or citizens, save the attention they received from the ex-Kentuckians of the Merchants Hotel. Those popular landlords, Messrs Bruce & Bradley, refused to receive pay from the veterans, as they wended their way to Michigan and on their return feeling mortified that the authorities still took no notice of the presence of the old patriots, they gave them a banquet at the Merchants. We think this generous act of the Merchants Hotel is worthy of notice.—*Paris Kentuckian.*

TIME—R. ALBERT'S Chronometer, Maysville, U. S.

T. J. GLENN, *Gen'l Supt.*

The Small-Pox.

Only one new case of small-pox since last Friday a week ago. Those at the Hospital are all about well. A little negro child died there on Tuesday. At present the indications are that we are about through with it.

Reduced.—The fare from Maysville to Cincinnati has been reduced to $1.00.

Recovered.—Robert Regan has entirely recovered from the small pox and is now out again. We are glad of it.

Lost.—An Odd Fellow's gold pin. The finder will be rewarded by returning it to the editor of this paper.

Carter Cases.—Those cases are at present attracting a great deal of attention. Many visitors are there.

Personal.—Mrs. General John C. Breckinridge and daughter have been rusticating at Fox Springs.

Fayette County.—This county has elected L. P. Tarlton (Republican) sheriff by 257 majority.

Personal.—Judge James P. Harbeson of Louisville, Ky., has been spending a few days at Fox Springs.

Robbed.—The store house of Mr. A. R. Marshall at Marshall's Depot was broken into and robbed a short time ago.

The Railroad:—The Maysville *Eagle* says: "The receipts of the M. & L. R. R. for July exceed $7,000. The business of the road is on the increase.

In Town.—We notice Hon. R. H. Stanton, Hon. R. C. Pheister and Col. T. J. Throop in attendance upon our Circuit Court.

Brought to Time.—The delinquent board of trustees of the town of Poplar Plains were brought to time in the circuit court on last Monday.

Bourbon County.—The election passed off quietly in Bourbon county. Moore, (Democrat,) was elected Sheriff by 141 majority.

Branch Railroad.—We wish we could tell exactly whether this enterprise is dead or not. Will some of the directory rise to explain.

Untrue.—The report in circulation in the country to the effect that Samuel Stockwell, jr., was down with the small pox is not true.

In Town.—We were glad to meet in town a few day ago our friend Jacob G. Bishop, of the firm of Bishop Brothers, of Cincinnati.

Recovering.—The little son of George Faulkner's who fell from the loft of the mill in the lower end of town a few weeks ago and who was so badly crippled is now out of danger and fast recovering.

Married.—At the residence of the bride mother Mrs. Harriet Dudley, in this place, on Thursday evening last by Eld. E. B. Challenner, Mr. DENNIS BELT to MISS NANCY S. STRINGER. No cards.

Job Work.—We are prepared to do job work of all description in the finest style. We have recently received new type and our rates have been considerably reduced. Call and see specimens.

The Dog Law.—Great is the indignation of some of our farmer friends over the dog law recently passed by the Legislature. Some of them threaten a dog indignation meeting.

Good.—Our friend Perry Jefferson has been re-elected sheriff of Mason county by the handsome majority of eight hundred and ninety. Perry has made a good and faithful officer and the returns show that the people are not tired of his services.

Our Paper.—We offer our readers no other apology for the last two issues of the DEMOCRAT than the fact that small pox in our midst has about suspended business, and we have been compelled to issue only a half sheet. We have published the paper the past few weeks at a dead expense to us. We hope to be able to appear in our usual form next week, and that our readers will look over short-comings. The town is becoming healthy again and we hope to be able to announce the total disappearance of small pox in our next, after which we will move along in our regular way.

Died.—In Cattlettsburg, on the 9th inst. JOSEPH infant son of Charles L. and Emma Dudley. The remains were deposited in our cemetery on Sunday last. Obitusy next week.

Circuit Court.—Circuit Court convened in this place last Monday. Owing to the prevalence of small pox in our midst the court discharged the Grand and petit jurors and all cases in litigation were continued until the next term of the court. The chancery docket was called and jr proceeded with. The Court will probably adjourn Saturday.

Kentucky Institution for the Deaf and Dumb.—We call attention of our readers to the advertisement of this institution which commences its fifteth Session on Tuesday, October 1st, 1872. This is one of the noblest charities of our State. Those interested will read the advertisement.

Right.—The Democracy of Nicholas submitted the question to the Democrats of the county at the August election whether in future they shall make nominations for office by Conventions or Primary elections. The Primary election plan carried by a very large majority. Now let Fleming submit the same question in May next.

Died.—Squire William Blair died at his residence, in Elizaville, in this county on Sunday the 5th inst. Mr. Blair was one of the oldest and most respected citizens of the county. We believe he was a soldier in the war of 1812 and was frequently a candidate for office in this county and was often elected. He represented the county for several years in the Legislature. He was much respected by all who knew him, and there are many who will remember his generous heart. Peace to his ashes.

Seriously Injured.—We regret to learn of a very serious accident which happened to Mrs. Chas. Nash on Sunday last while riding in her carriage returning from church. Herself and two other ladies were in the carriage and while passing some stray horses in the road the horse she was driving took fright and ran away throwing Mrs. Nash out with terrible violence. Since the accident she has not spoken and great fears are entertained of her recovery. The other two ladies escaped with slight injuries.

P. S. Since the above was written Mrs. Nash has died. She died Tuesday about noon.

Notice to Teachers.—The Teachers of Fleming County are requested to meet for examination at Tilton on the 4th, Friday in August. The prevalence of small-pox at Flemingsburg, the usual place of meeting, renders this change necessary.

W. A. MORRISON, Com.
W. T. J. KERAN,
MILFORD OVERLEY,

Fair Programmes.—A good deal of complaint has been urged against us on account of the disappointment in the printing of the Catalogue of our Fair. We have done all that we could to get these pamphlets up as speedy as possible. We delivered the manuscript to our printer some five or six weeks ago with the promise from him that the job would be completed in *two weeks.* Since that time we have hurried him up all that we could by letter and personal messages. We understand he has been disappointed in getting hands and the job has necessarily been delayed. The work will be completed this week or it may be that it is done by this time at any rate we feel assured that the programmes will be ready for distribution by the last of the week. The delay is in nowise dangerous to the interests of the Association as we have ample time to distribute them satisfactory. But we regret that the Fair Company has been disappointed though it is no fault of ours.

Unripe Fruit as Cholera Bombshells.—One of the most abundant sources of sickness and death during the summer heat is unripe fruit. Children are particularly exposed to this danger through the indulgence of inconsiderate parents and not a small proportion of the mortarity among the rising generation may be traced to this cause. Unripe fruit is rank poison when the thermometer is among the nineties, and that terrible assailant of the stomach, cholera morbus, finds here its sturdiest ally.—*Maysville Eagle.*

Undertaking Notice.—Mr. T. J. Hinton, formerly of Poplar Plains, requests us to announce that he has removed to this place and will engage in the undertaker's business. He will keep constantly on hand a great variety of burial cases and will make to order coffins and will attend funerals at the shortest notice when called upon.

The Small-Pox.

As that pest, the small-pox has been in our midst it may not be amiss to recur to its history to some extent as a reminder as something new to many.

"The end of the last century witnessed the most important practical discovery ever made in medicine. Up to that period small-pox annually committed the most fearful ravages; the deaths from it, in Europe alone, were estimated to amount to 400,000 a year, while it left many others blind or disfigured. The practice of inoculation, brought from Constantinople (Turkey) by Lady Mary worthy Montague, had, indeed, diminished the evil, but the remedy itself was attended with great inconvenience, and was not destitute of danger.

"The discovery of Jenner, announced in his "Inquiry into the causes and effects of the variolae vaccinae (in 1798) has placed the disease completely under our control; And, if it still commits occasional ravages, it is owing to the laxity of our laws, and the carelessness of individuals, committies, town and city authorities." So says reliable authority.

Louisville Industrial Exposition.—We have received an invitation to attend the Grand National Industrial Exposition, which opens in Louisville, Ky., September 3d, and continues until October 5th, 1872. This Exposition will attract to Louisville thousands of people from every section of the West and Southwest, and an opportunity will be enjoyed of examining the evidences of the great progress made in this country in the arts, inventions and manufactures. Nearly every State in the Union will exhibit its work, and consumer and manufacturer will be enabled to judge of the wants and resources of the country. Reduced fares on railroads and steamboats have been arranged, and ample hotel accommodations secured for all who attend. The Louisville Exposition Building covers nearly an entire square in the heart of the city is built of brick, and will seat on the first floor alone nearly 20,000 people. The natural beauty of Louisville at this season of the year, her perfected arrangements for entertaining her visitors economically and agreeably, and the opportunity of seeing the business men of the country—the men who are the basis of its unexampled progress—will attract all classes to the Exposition during the season.

Aimes' Liniment.—Since the introduction of Aimes' Liniment many of our citizens have used it, and have received great benefit therefrom. Numerous certificates can be seen at Jennings & Lloyd's Drug Store, corner of Second and Sutton streets, Maysville, Ky. It cures Rheumatism, Neuralgia, and all similar complaints. Sold by druggists everywhere. For sale at Dr. H. P. Lindsey's Drug Store.

Truth and Poetry.—Milton puts into the mouth of Lucifer in "Paradise Lost," there memorable words:

"TO BE WARE IS MISERABLE."

Never was a truer sentence written than this—supposed to be wrung from the Archfiend in his impotence and agony. Every victim of nervous debility, or of that depressing languor which is one of the accompaniments of dyspepsia and biliousness, can testify to the misery of mind and body, which they involve. The motive power of the system is partially paralyzed; the mind is haunted by anxiety and fear; and the sufferer is incapable of applying himself energetically to any kind of business as if he were under the benumbing influence of catalepsy. This terrible mental and physical condition need not, however, be endured for forty-eight hours by any human being. Plantation Bitters is an absolute specific for all the torments which a deranged stomach, a disordered liver, and shattered nerves, superinduce.

☞ The worst Coughs yield just if by magic to the wonderful curative powers of Dr. Pierce's Golden Medical Discovery.

DIED.

In Chillicothe, Missouri, on the 30th, of July, 1872, Mr. John H. Leeper, aged 62 years, a native of Fleming county, Ky.,

Mr. Leeper emigrated to Missouri in 1840; had lived in this city for many years, was President of the State Bank here for twelve years and was a gentleman of strict integrity, and for an irreproachable character he leaves a family of children, wife his having preceded him to the grave about four months since.

Special Notices.

HOW TO GO WEST.

This is an enquiry which every one should have *truthfully* answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "I. B. & W. Route," running from Indianapolis through Bloomington to Burlington, has achieved a splendid reputation in the last two years as the leading passenger Route to the west. At Burlington it connects with the great Burlington Route which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Fleming County, on their way westward, cannot do better than to take the I. B. & W. and Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R. Burlington, Iowa.

A Perilous Season.

Glorious and delightful as the Summer weather is, it implies heat in a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common, but by no means uncommon phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are prone either to be too much relaxed, the stomach has half performed the work of digestion, the appetite is poor, and the spirit depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak, it braces and reinforces them. If the mind, which every symptomise with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the body into harmony with the laws of mind.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and antibilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acrid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the tried remedy, Hostetter's Bitters, sold only in glass, and never in Kegs or barrels.

Several Reasons why Dimmitt, Pearce & Co., of Maysville, Ky., can sell Lumber, Shingles, Doors, Sash, Blinds, Flooring, &c, Cheaper than can be had at any other point south of Pittsburg.

1st. They keep a Larger Stock than any other establishment.

2ond. Their acquaintance on the Alleghaney enables them to buy their stock *cheaper.*

3rd. They have the very best machinery and every convenience for manufacturing.

4th. They understand their business not being dependent on their employees.

FOX SPRINGS.

FLEMING COUNTY, KY.,

Mrs. E. F. FLEMING, Proprietress

THESE CELEBRATED SPRINGS NOW open for the reception of visitors are beautifully and romantically situated in the mountainous region of Fleming county, about nine miles from this place, at the terminus of the Flemingsburg and Fox Springs turnpike. They are easy of access,—a daily line of stages running from Flemingsburg to the Springs, making connection with the M. & L. R. R. for central Kentucky and connecting at Maysville with all the river steamers.

The house will be kept by the former proprietress, Mrs. E. F. Fleming, a lady fully well-known to the public as the best in the whole country. The hotel building is large and commodious and the table will be supplied with the best the market affords. The well-known properties of the water, the home-like enjoyment of the visitors together with the fresh air and the healthy surroundings render these springs very attractive to those in search of health of pleasure. Among the amusements will be found bowling alleys, croquet grounds, fine drives, hunting and fishing &c.

☞ Terms as liberal as heretofore.

EDITORIAL MATTER.

The Whisky Slander.

It is well known to every one that during a heated canvass, upon the eve of an election many reports are put in circulation to the prejudice of candidates, which are known to be false. The false reports circulated on the late election was that which charged Jas. E. Smith with being a drinking man, and that he used whisky for the purpose of securing his election. This report not only does Mr. Smith gross injustice but bears the mark of falsehood upon its face. Now to the proof. It is well known that it was reported also that Mr. Smith was so violently opposed to whisky drs. king that he as judge would refuse to grant any license to sell liquors. Now how does this report, in the mind of any sensible and thinking man, correspond with the former? Mr. Smiths known character as a citizen and a gentleman is a sufficient answer. That he will follow the requirements of the law in granting license to sell liquors no one can doubt. That he ever used, or authorized to be used, whisky to secure his election no reputable gentleman will assert upon his own responsibility; And we venture now to assert, that no man can be found who would willingly upon his oath state that he ever did. We are aware that often during a heated canvass, the friends of the respective candidates in their zeal do many things which are both unknown and disapproved by their candidate. We are therefore justified in declaring that if any of the friends to Mr. Smith offered even a pretext for the circulation of such a report, it was not with his consent, knowledge or approbation. Such things are often circulated by those who do not believe it themselves. The communication, published elsewhere in this issue, shows how little credit was given to those reports. We would not deem it necessary to have noticed them at all except for their impeachment of the well-known character of the man. And now that he is elected Judge the next two years will vindicate his private character, as his past life has done, and testify that he is in every way worthy of the public and private confidence of the people.

We append the following:

HILLSBORO Ky.,
August 12th, 1872.

We the undersigned friends of Col. L. B. Cox and living in the Hillsboro District having heard the report in circulation to the effect that James E. Smith late Democratic candidate for County Judge had a barrel of whisky in circulation in this district in order to influence and secure his election, deem it proper to say in justification of Mr. Smith that the report is false and that Mr. Smith used no spirituous liquors whatever in the furtherance of his election at this or any other previous election. And furthermore we know of no liquor being used to influence the election in any manner in this District, and we desire that this statement be made public through the columns of the Flemingsburg DEMOCRAT in order that justice may be done.

J. H. GRAIN.
JAS. W. CRAIN.

☞ Dr. Thos. E. Pickett has retired from the editorial staff of the Lexington *Observer & Reporter*.

☞ General Grant refused to eat at the same table with Fred Douglass. How is that negroes?

☞ Twelve of the Republicans of the Lower branch of the Ohio legislature have declared for Greeley.

☞ A little colored girl in Paris cats limson weeds for greens and they do not agree with her so Craddock says.

☞ The Cuban Revolution has not been put down as many would suppose. The Cuban rebels are still holding their own.

☞ The signs of the times certainly do indicate a change in our political system; we notice that John A. Bingham chief prosecutor of the innocent Mrs. Surratt has been defeated in Ohio for a re-nomination for Congress, and this too in the face of his Elyria speech defending Grant.

☞ More Republicans out for Greeley: Thos. G. Alvord, of Syracuse, late Lieutenant Governor of New York; W. W. Scott, one of the Grant electors of Minnesota in 1868; Jas. J. Winans, of Xenia, Ohio, a member of the last Congress; Mason W. Tappan, of Bradford, N. H., late member of Congress; John Y. Mugridge, of Concord, N. H., late State Senator.

The Result at Last in North Carolina—Brilliant Triumph for Greeley.

From the Cincinnati Enquirer.

The result in North Carolina, the first State which opens the Presidential campaign, is now pretty definitely ascertained. Is it not satisfactory to the friends of Mr. Greeley? Here is what this State has done:

Elected a Greeley House of Representatives.

Elected a Greeley State Senate.

Elected a Greeley United States Senator.

Elected five Greeley Representatives in Congress to three for Grant.

Elected a Greeley Lieutenant-Governor.

The vote for Governor is so close that it will require the official canvass to settle who has the apparent majority on the face of the returns. If the Grant candidate is chosen it is by notorious frauds. The office will be contested before the Legislature, and Mormirmon will obtain it. We are sure of every thing in the old North State, and particularly so of ten Presidential electors in November, who will vote for Greeley and Brown. Four years ago this State gave Grant 12,000 majority. Last year it gave nearly 10,000 majority for the Republicans. It has, therefore, been triumpantly redeemed, over the frantic efforts of Grant's friends. Our friends throughout the country should every-where fire a hundred guns over this brilliant and substantial triumph.

STATE NEWS.

Carlisle has a permanent telegraph office.

Wheat and oats greatly damaged in Pulaska County.

Maysville has a Greeley pole 140 feet high.

The Clarke County *Democrat* now comes to market with the Greeley and Brown ticket at its head. The *Democrat* held off a good while.

Shanks' majority over Parks, for sheriff in Louisville and Jefferson county, is exactly 5,000.

The Washington Patriot says there are over 2,100 papers that support Greeley, while not more than 1,500 support Grant.

The friends of Gov. Bramlette will deeply sympathise with him in still another heavy family affliction, with which he has been visite 1 in the death of his son, Dr. William L. Bramlette, who died suddenly at the residence of his uncle, Mr. Thos. Travis, in Barren county, on the 8th inst. Dr. Bramlette was thirty years of age, and of great promise in profession.—*Frankfort Yeoman.*

The Elm Spring Agricultural, Horticultural and Mechanical Association of Fleming, Mason and Lewis Counties.

THE FIRST ANNUAL EXHIBITION of the Association will be held on the grounds of the Association, near Mt. Carmel, in Fleming county, commencing on Tuesday, September 17th and close on Friday September the 20th. For the information of our readers we publish the following extracts from the catalogue which will be quite acceptable to those who feel an interest in the Enterprise:

GENERAL ARRANGMENTS.

Gates will be opened at 8 o'clock on each day, and at that hour each officer is required to be at his post.

No Entry Fee charged.

Competition is virtually from the whole world.

Exhibition will commence exactly at 10 o'clock each day, and will continue until the programme of the day is complete. At 12 o'clock there will be an intermission of one hour for refreshments.

Every article and animal on the grounds during the fair shall be under the control of the directors, and although every possible precaution will be taken for the safe keeping of the same, the Association will, in no case, be responsible for any loss or damage that may occur.

Until the awards have been made, marks or indications of ownership will not be allowed.

No Stallion, Mare, Bull, Cow, Jack or Jennett 4 years old, or over, shall compete in a brood ring for a premium unless it has proved itself a breeder.

No aged animal that has taken the premium as such shall again compete for the regular prize in the same class. This will not apply to a sweepstake premium without regard to age.

No animal that has taken a sweepstake premium shall again compete for that prize in the same class.

No animal shall contend for but one premium in a regular ring, and but once in the sweepstakes at the same fair.

Exhibitors of stock shall select at the time of entry, the class in which they will show, and shall not show the same animal in any other class except as above named.

No owner of stock contending for a prize will be admitted into the ring. The owner of saddle or harness horses may, however, have the privilege of riding or driving the same when on exhibition.

Gate of the amphitheatre will be closed in ten minutes after the ringing of the bell for each class of stock.

In the mechanical and house-hold departments, no person but a bona fide manufacturer will be allowed to exhibit. The wood-workman or iron-workman, of carriages, wagons &c., may enter jointly or individually; but one premium will be awarded, and that for the article complete.

No disorderly conduct of any kind will be permitted. A police will be upon the grounds to prevent the same and see that all rules are strictly observed.

Hogs will be exhibited in pens.

No premium will be awarded to any article or animal not thought worthy, though there be no competition.

No one except committee-men on duty, or the officers of the Association will be allowed inside the arena, whilst an exhibition is going on.

SWINE.

All entries must be made by 10 o'clock on the day on which the same is to be exhibited.

When an entry of stock is made a secretary will give to the party making the entry a card showing the class and number of entry. This must be tied in the ring to the animal.

When an entry is made in the floral department, the secretary will furnish the party (3 cards) one will contain the No. and class, and must be attached to the article. The other will contain the No. and class, with the name of the exhibitor. The exhibitor must retain this, and after the fair the article will be returned upon its presentation.

No person will be allowed to see the entries made until after the awards.

The Secretary will be upon the grounds on Saturday and Monday preceding the fair, and will be prepared to make entries.

Exhibitors of articles are requested to make their entries on those days.

SPECIAL NOTICE TO EXHIBITORS.

Exhibitors of stock will greatly facilitate the Secretary in making entries if they are prepared to answer the following questions: Name of exhibitor; residence; name of animal; age; color.

Exhibitors must be careful to have their cards of entry on their animals, or in possession of the groom.

Every person making an entry and taking a stall or stalls for his stock and not exhibiting under his entry his entry shall pay at the rate of two dollars per day for each stall so occupied by his stock.

PREMIUMS.

All premiums will be paid in cash.

BUILDINGS.

The Association has erected buildings of such size and shape as not only to furnish ample accommodations to exhibitors and visitors, but to add much to the appearance of the grounds.

The Amphitheatre is one of the largest in the State; will comfortably accommodate 10,000 persons on box seats, one above the other, so that all can see. Above these seats is an excellent promenade 12 feet in width.

The ring is near 200 feet in diameter, with music stand in the center, around which all stock will be exhibited, and in which a fall brass band will perform during the entire exhibition.

Upon the outside of the Amphitheatre is a beautiful trotting ring encircling the whole grounds.

The Cottage will be furnished for the comfort and convenience of the ladies.

The Floral, Mechanical and fine Art Hall will be adapted to the exhibition of the various articles to be exhibited, in those departments.

STALLS.

Stalls upon the grounds are free for the stock to be exhibited on the day of exhibition.

The stabling privileges on the ground will be in the hands of persons who will be prepared to take care of all stock entrusted to their charge.

REFRESHMENTS.

The Booths will be prepared to furnish refreshments. Persons renting booths will not be permitted to sell spirituous liquors.

PRICES OF ADMISSION TO THE GROUNDS.

Stock-holders and grooms with stock to be exhibited, belonging to stock-holders only, admitted to ground free of charge.

The actual renters of booths may also enter free, but no hand or clerk in their employ shall have free admission.

For each footman	20 cts
" Children under three years	Free
" Children over 3 and under 12	15 "
" Each Horse and Rider	40 "
" " Buggy Horse and Driver	50 "
" " Additional Person	30 "
" " Two Horse Carriage and Driver	60 "
" " Additional Person	30 "
" " Four Horse Carriage or Omnibus and Driver	75 "
" " Each Additional Person	30 "

Hon. Landon C. Haynes, an M. C. before the war from East Tennessee, and the only man there who would ever "hold his own" with Andrew Johnson—also a member of Confederate States Senate—has just been nominated by the Democrats for Congress in the 9th, or Memphis District, in West Tennessee.

From nearly every part of the State comes intelligence of the colored people voting the Democratic ticket in the late elections. In this city quite a number voted for Judge Pryor, Sheriff Chinn, and Marshall Graham. This good feeling among that race has been brought about, no doubt by the nomination of Mr Greeley at Baltimore. The long deluded colored people are beginning to see and feel that their former owners—the possessors of the soil—are indeed their best and every way most reliable friends.—*Frankfort Yeoman.*

To Our Exchanges.—We hope our Kentucky exchanges will notice the fact that when the old veterans of Kentucky who had fought for Ohio, and whose country had so largely contributed to the great wealth and prosperity of Cincinnati, passed through that city lately, going and returning from an excursion to the battle-fields of the River Raisin, they were permitted to do so without any notice from the authorities or citizens, save the attention they received from the Kentuckians of the Merchants' Hotel. Those popular landlords, Messrs. Bruce & McIntyre, refused to receive pay from the veterans, as they wended their way to Michigan and on their return feeling mortified that the authorities still took no notice of the presence of the old patriots, they gave them a banquet at the Merchants'. We think this generous act of the Merchants' Hotel is worthy of notice.—*Paris Kentuckian.*

$1,000,000

PUBLIC LIBRARY BUILDING

Grand Gift Concert

At Library Hall, Louisville, Ky., Saturday, September 28, 1872.

1,000 GIFTS, $500,000.

Highest Gift $100,000—Lowest, $100

BY authority of the Legislature of Kentucky the Trustees will give their SECOND GRAND GIFT CONCERT, in the Private Library Building, at Louisville, Ky., SATURDAY, SEPTEMBER 28th, for the benefit of the Public Library of Kentucky. The best musical talent will be employed and one hundred thousand tickets of admission only.

PRICE OF TICKETS.

Whole tickets $10; halves, $5; quarters, $2.50; 11 whole tickets for $100; 22 for $200; 56 for $500; 113 for $1,000; 340 for $3,000; 679 for $5,000. No discount for less than $100 worth of tickets at a time.

During the concert the sum of

$500,000 In Currency

Will be given to the holders of tickets by distribution by lot of ONE THOUSAND GIFTS as follows:

LIST OF GIFTS.

One Grand Gift, Cash,	$100,000.	4 Gifts of	$2,000 Cash,	$8,000 Cash.
1 " "	20,000 "	15 "	1,000 "	15,000 "
1 " "	15,000 "	20 "	800 "	16,000 "

Total 1,000 Gifts, all Cash				$500,000

After paying the expenses of the entertainment, the net proceeds of the concert will be applied to the purpose of the Library fund for purchasing many thousands more of the Public Library building, a resting place for the dead, and the entertainment of the Library and Museum. The Library already contains 20,000 volumes and the Museum, 10,000 specimens, now open to the public every day and night, free, which by the liberality of the donator, are to be forever free to the several employees of every citizen in every state in the Union.

The Museum will be of great attraction, from ten to fifteen years of age, then be given to the public. The contents of which can be seen by ten cents, over 6
